

Polyscapes/Epoxyscapes/Urescapes Flooring System

Revolutionary & Unique Flooring Solutions

Are you looking to **ESCAPE** the mundane, tired look of traditional resinous flooring systems?

Do you want a unique decorative floor, that is durable, that combines the look of quartz, terrazzo and metallic systems?

Why Scares Flooring?

Customizable System Options

Polyscapes - 100% solids Polyaspartic
Epoxyscapes - 100% solids Epoxy
Urescapes - 100% solids Flexible Urethane

Design Options and Colors

Numerous Scares Polymer Aggregate designs to choose from. Further customize with Poly-T Terrazzo chip

Efficient Installation

Fewer installation steps and coats when compared to traditional decorative flooring options

Advantages:

No troweling or broadcasts required. Most systems are able to applied with one slurry coat over a primer.

Polyscapes offers revolutionary UV resistance when compared to similar epoxy alternatives

Urescapes offers seamless, flexible, resilant finish options

Epoxyscapes offers cost effective designer looks and can incorporate Poly-T Aggregate

Add to system durability and abrasion resistance with high performance topcoats
